

LamportsFactory Preview Sample

LamportsFactory Bot

November 5, 2025

1 Introduction

Test This is a sample document generated to verify the LamportsFactory development environment. Edit this file to test automatic builds and live preview.

2 Mathematics

An inline equation $e^{i\pi} + 1 = 0$ is a classic identity. Below is a displayed equation:

$$\int_0^1 x^2 dx = \frac{1}{3}. \quad (1)$$

3 Lists

- Item one
- Item two
- Item three

4 Figure Placeholder

5 Conclusion

If the server and watcher are running, saving this file should trigger a build and refresh the PDF preview.
