

LampportsFactory Typst Sample

This document is a minimal Typst sample for the Typst backend.

Live preview

Edit this file and rebuild events should update the browser preview.

日本語の表示確認です。Typst backend では `typst compile` により PDF を生成します。

Formula

$$\sum_{i=1}^n i = \frac{n(n+1)}{2}$$

List

- LaTeX image uses TeX Live.
- Typst image uses the Typst binary.
- The browser preview remains PDF.js based in both modes.
